SURF

The Waketoon provides a recreational wave perfect for family fun, surfing or foil boarding.

It handles like a runabout boat at high speeds making quick turns while still providing the stability of a traditional triple pontoon.

Manufacturer preferred surf speed:
10.8mph

Tahoe

HULL & POWER

6.2L 350HP V8 Mercury
inboard/outboard forward
drive engine reaching speeds
of 35-36mph

Integrated rocker &
shape along with
contoured wake
plates to enable
desirable water
flow using ballast

Premium
wide step
ladder

The boat should be run at full
ballast with less occupancy
weight, as you increase
occupancy you may find it
easier to drop ballast to
achieve the desired wave

67 gallon
fuel tank

INTERIOR

Unique floorplan includes a modern spin on the “quad lounge” design with 4 occupant benches, a flip up bolster seat for the captain and a co-captain bench seat. The floorplan also includes a step up/walk through access to the aft of the boat which includes two observer seats and a large rear deck/swim platform. Standard ski locker.

Waketoon includes a ski tow bar standard, which can also be used for other watersports including but not limited to: Tubing, Waterskiing, Wake boarding, Knee boarding, etc.

CONTROL CENTER

Medallion Viper III touchscreen with automatic & manual wake controls and adjustable electric actuators to press Waveshaper fins. There are multiple adjustment angles to find the perfect wave for each rider. Once the perfect wave and speed is achieved based on rider preference, that can be saved as a preset for future rides tailored to the individual rider.

Garmin 743XSV GPS integrates seamlessly with the Viper III and Fusion Audio RA770 radio to give the driver ultimate control at the helm. Also included at the helm is the rearview camera display so the driver is able to view the surfer without having to look backwards & can keep attention to the water ahead providing a safer boating experience. 2nd camera optional.
