# ● PONTOONS & FISHING BOATS

The Ultimate In Pleasure Boating

PLAYBUOY

# PLAYBUOY

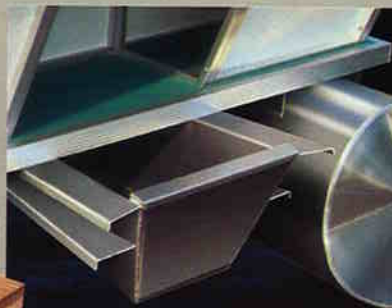

Quality Goes Into  
Every Boat We Make!

## Motor Pod

.090" thickness with integrated splash fin. 2" thick aluminum sheathed transom is fully welded—not bolted. The entire pod is supported by five crossbeams.

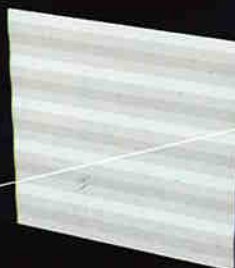

## 3/4" Flooring

The thickest and heaviest flooring used in the industry. This state-of-the-art, injection treated, 7-ply, marine flooring features a lifetime limited warranty.

## Wall Material

Baked-on enamel finish will not deteriorate. Ribbed for strength and locked into the wall railing.

## Color Coordinated Deluxe Graphics and Soft Top

## Riser

Extra thick riser with flared edges provide the best possible connection to floor and tube. Back-welded for extra strength and neatness.

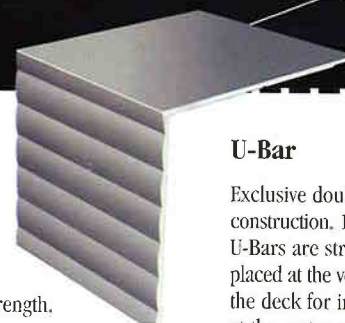

## Pontoon Tube

.080" thickness H5052 aircraft aluminum alloy. Multi-baffled near each weld for maximum strength and air lock. Hand-welded to rigid standards. Neatest welds in the industry.

## Rub-Rail

All anodized for lasting beauty. Bolted for maximum strength.

## U-Bar

Exclusive double U-Bar construction. 1/4" thick U-Bars are strategically placed at the very front of the deck for impact resistance and at the motor pod to eliminate motor flex.

## Aluminum Seat Frames

Clearly superior. Will last a lifetime. Won't deteriorate like wood. Won't crack or hold water like plastic. Provides the largest under seat storage.

## Seat Fabric

The strongest and easiest to clean. Super-Life™ Vinyl has a 12 mill top layer with a 24 oz. over-all weight. Treated with UV inhibitor and bioguard to resist fade and mildew. Three year limited warranty.

## Aqua-Loc Bolt™ System

The Aqua-Loc Bolt™ is a combination of a large corrosion resistant bolt, a drill bit and a tap. The Aqua-Loc Bolt™ self taps directly through the deck and crossbeam to lock them together. Unlike normal bolt systems, no space is left for moisture to accumulate which can cause rot or freezing.

PLAYBUOY

## Wall Railing

Extremely strong T-5 tempered. Our boats feature more vertical supports for even more strength. Anodized for lasting beauty and corrosion resistance.

## Multi Density Seat Cushions

The perfect comfort level is achieved by combining different densities of foam. Unlike other manufacturers, we produce our own furniture right at our plant.

## Carpet

Heavy duty 16 oz. UV protected. Three year limited warranty. Unlike some others, the carpet is run the full length and width of the boat and attached on 100% of the surface.

MERCURY  
OUTBOARDS

Ask your dealer about Mercury, Mariner and Force Outboard packages with your boat and trailer.

## Z-Bars

.125" thick all aluminum heavy duty crossbars are bolted to the pontoons with stainless steel bolts, nuts and washers for outstanding support.

## Nose Cone

The absolute strongest in the industry. The one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection. The entire cone is tapered and inserted in the tube for even more strength.

Max. No. of Persons	8
Max. Engine H.P.	60 H.P.

## Color Choices

- AUTUMN BURGUNDY • BAY BLUE • JEWEL GREEN

The 18 Eagle is the best value in a fishing pontoon. Why? Because Playbuoy has not only priced this unit to be affordable, it has built this boat to last. 18 Eagle, like all Eagles, uses aluminum frame seat bases in the benches. The fishing and captain's chairs feature high density plastic seat backs and bottoms as well as child-proof hinges. The livewell is extra large and padded for use as an extra seat. The European style captain's stand incorporates pre-cut and covered gauge holes in the dash for easy upgrading. The flooring is a full 3/4" thick, the walls feature attractive external skins. Yes, the 18 Eagle is inexpensive, however, in this case you get more than you pay for!

PLAYBUOY

# EAGLE ANGLER

A Beautiful Boat for Fishing and Pleasure.
