**Playbuoy**

# You have discovered Playbuoy Pontoons

Come discover the quality, excitement, value and dedication to your happiness that comes only with a Playbuoy pontoon boat.

## Motor Pod

.125" thickness with integrated splash fin. 2" thick aluminum sheathed transom is fully welded—not bolted. The entire pod is supported by five crossbeams.

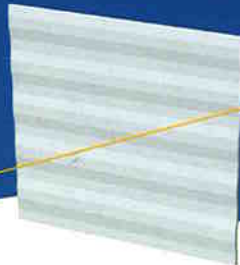

## ¾" Flooring

The thickest and heaviest flooring used in the industry. This state-of-the-art, injection treated, 7-ply, marine flooring features a lifetime limited warranty.

## Wall Skins

Heavy duty wall skins feature the Silencer Strip™ on all edges for the quietest walls. Wall skins are lock stripped into the horizontal and vertical supports, then braced. The result is the most durable, quiet wall available!

**Bimini Tops**—All bimini tops are made using 5 year warranted "Coast Guard" weather resistant fabric. Light weight, wrinkle resistant, fade resistant, won't rot, shrink, or mildew. Fabric is zippered to the top. Four floor mounted support bars for unsurpassed wind resistance.

**Fiberglass Captain's Stands**—Beautiful, durable fiberglass captains stands feature European style consoles with ergonomically placed gauges and switches.

## Color Coordinated Deluxe Graphics and Soft Top

## Riser

Extra thick riser with flared edges provide the best possible connection to floor and tube. Back-welded for extra strength and neatness. All boats with 23" pontoons feature full length risers.

## Pontoon Tube

.080" thickness H5052 aircraft aluminum alloy. Multi-baffled near each weld for maximum strength and air lock. Hand-welded to rigid standards. Neatest welds in the industry. Available in standard 22" or 23" diameter.

## Heavy Duty Rub-Rail

All anodized for lasting beauty. Bolted for maximum strength. Features new "L" ridge at the bottom for superior strength.

### Aluminum Seat Frames and Kick Panels

Clearly superior. Lifetime Warranty. Aluminum seat frames won't rot like wood. Won't crack or hold water like plastic. Extra large compartments provide the largest under seat storage.

### Seat Fabric

The strongest and easiest to clean. Super-Life™ Vinyl has a 12 mil top layer with a 24 oz. overall weight. Treated with UV inhibitor and Bioguard to resist fade and mildew. Three year limited warranty.

### Wall Railing

The best in the business! 1.25" across and .090 thickness horizontal and vertical rails. Playbuoy features more vertical support rails than any other. All rails are completely anodized for lasting beauty and corrosion prevention.

### Gates

Lift to open gate hinges and pockets provide extra security.

### Multi Density Seat Cushions

The perfect comfort level is achieved by combining different densities of foam. Unlike other manufacturers, we produce our own furniture right at our plant.

### Carpet

Heavy duty 16 oz. UV protected. Three year limited warranty. Unlike some others, the carpet is run the full length and width of the boat and attached on 100% of the surface.

### U-Bar

Exclusive double U-Bar construction .250" thick U-Bars are strategically placed at the very front of the deck for impact resistance and at the motor pod to eliminate motor flex.

Ask your dealer about Mercury, Mariner and Force Outboard packages with your boat and trailer.

### Bow Rails

All pleasure models now feature 1.25" heavy duty bow rails.

### Radius Corners

For better impact protection.

### Keel Protection

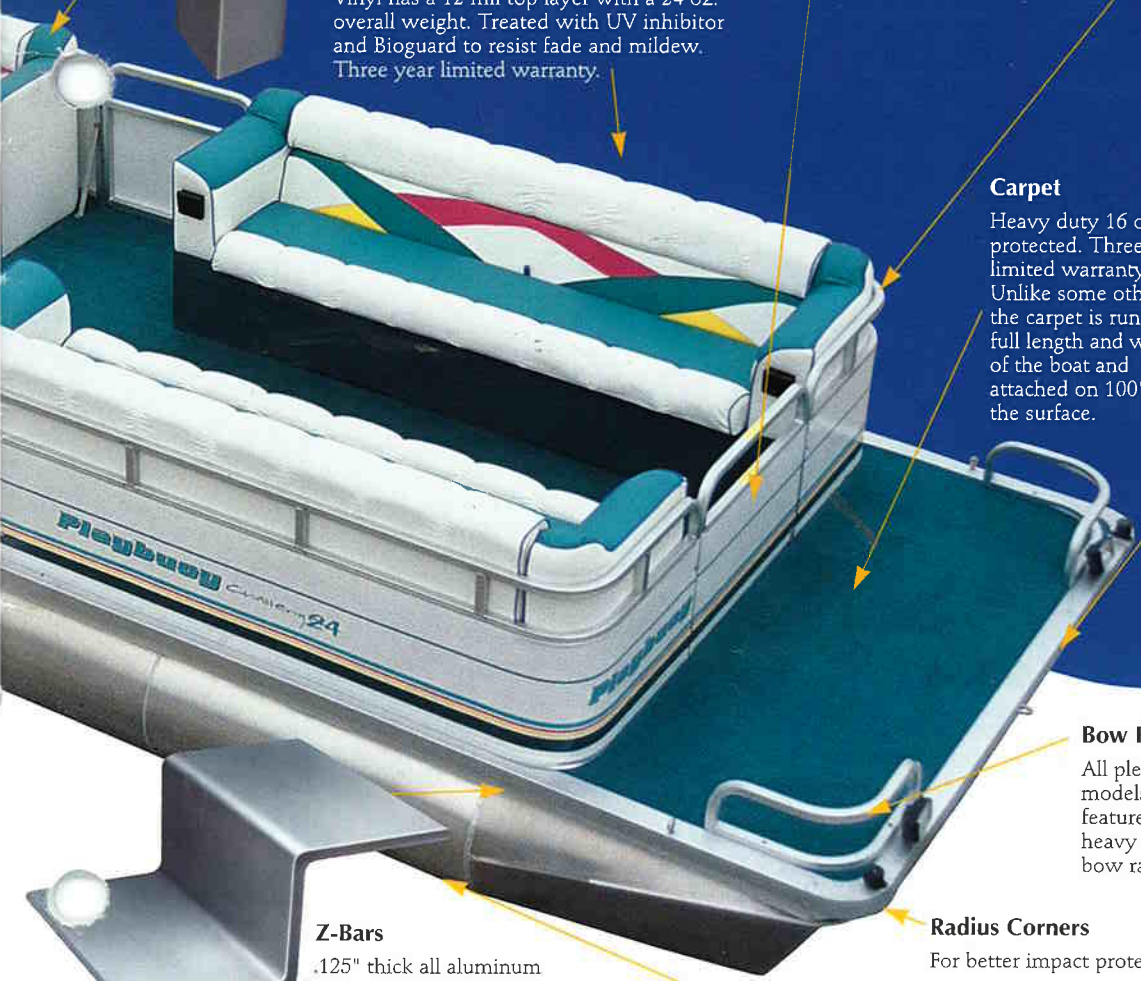

Special welded front keel protection keeps keel from damaging trailer bunks.

### Z-Bars

.125" thick all aluminum heavy duty crossbars are bolted to the pontoons with stainless steel bolts, nuts and washers for outstanding support.

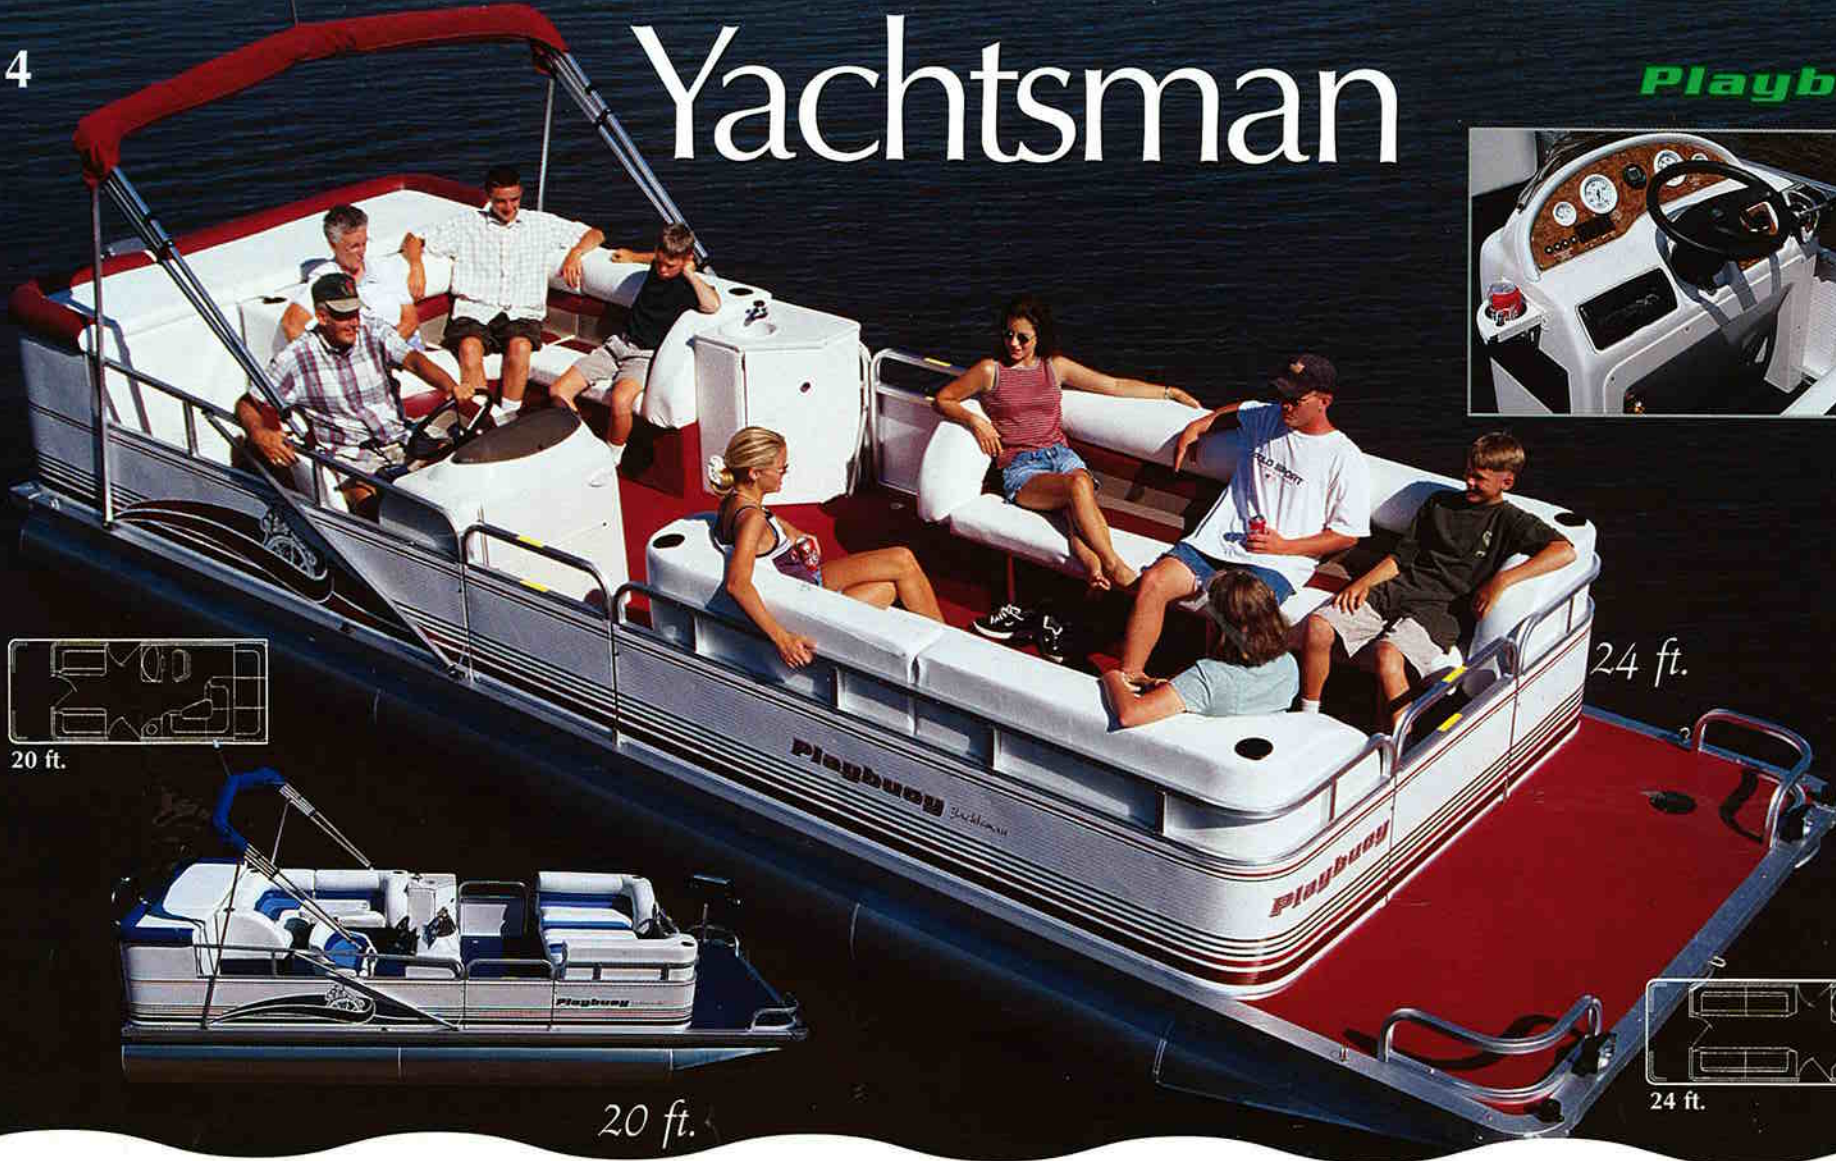

### Nose Cone

The absolute strongest in the industry. The one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection. The entire cone is tapered and inserted in the tube for even more strength.

# Bass Catcher— Your Fishing Partner

14 ft. Row Boat

*Don't just get a fishing boat—get a BASS CATCHER. Hunting down elusive game fish requires a rugged boat that will get you to the fish. When you get there your BASS CATCHER will become your partner, maneuvering you to just the right spot, giving you room to work, and holding you steady while you reel in the quarry.*

*Choose your partner. If you just need to get into those shallow, grassy areas, choose a Utility Jon. For small lakes or rivers, choose the water cutting design of the Utility V-Hull boat. If you really want a true partner, go for one of BASS CATCHER'S full size fishing boats. And for those of you who take your fishing very seriously, partner up with a Pro Series version V-1700 or V-1600 SC.*

## Playbuoy's New Center Tube System

For speed and lift nothing beats the Playbuoy Center Tube System option! Only Playbuoy's Center Tube System includes hydraulic power assisted steering and a heavy duty ski tow bar. Center Tube System also features an integrated welded motor pod in the Center Pontoon. Center Tube System can be ordered as a factory installed option on any 1998 Outboard 18' or larger Playbuoy Pontoon Boat.

Center Tube System improves performance in large open waters, or when heavy loads of people are on board. It's great for water skiing too.
