

TAKOE

The Feeling of Freedom—98

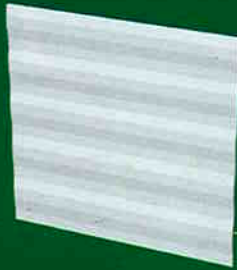

Pontoons and Fishing Boats by **Playbuoy**

TAHOE QUALITY

Quality goes into every boat we make!

Wall Skins

Heavy duty wall skins feature the silencer strip™ on all edges for the quietest walls. Wall skins are lock stripped into the horizontal and vertical supports, then braced. The result is the most durable, quiet wall available!

Motor Pod

.125" thickness with integrated splash fin. 2" thick aluminum sheathed transom is fully welded—not bolted. The entire pod is supported by five crossbeams.

Bimini Tops— All bimini tops are made using 5 year warranted "Coast Guard" weather resistant fabric. Light weight, wrinkle resistant, fade resistant, won't rot, shrink, or mildew. Fabric is zippered to the top. Four floor mounted support bars for unsurpassed wind resistance.

3/4" Flooring

The thickest and heaviest flooring used in the industry. This state-of-the-art, injection treated, 7-ply, marine flooring features a lifetime limited warranty.

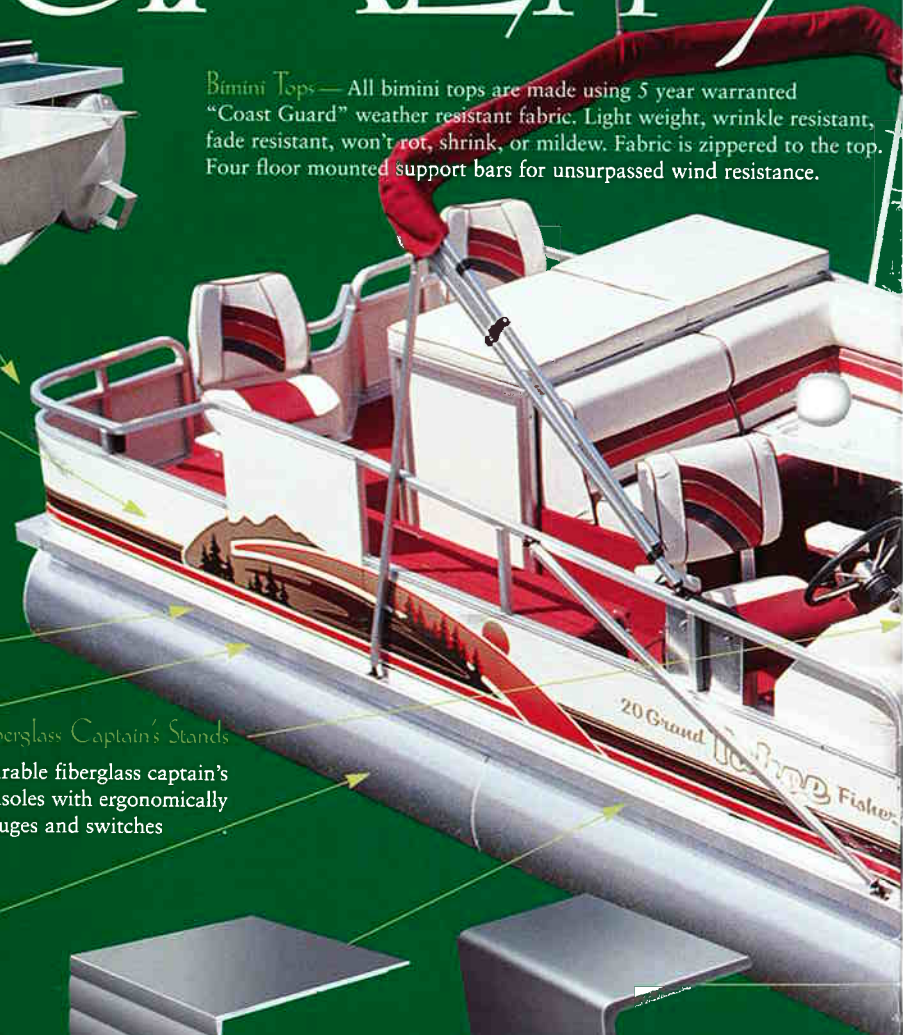

Color Coordinated Deluxe Graphics & Soft Top

Fiberglass Captain's Stands

Beautiful, durable fiberglass captain's stands feature stylish consoles with ergonomically placed gauges and switches

Riser

Extra thick riser with flared edges provide the best possible connection to floor and tube. Back-welded for extra strength and neatness. All boats with 23" pontoons feature full length risers.

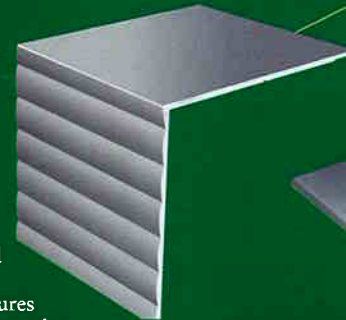

Pontoon Tube

.080" thickness H5052 aircraft aluminum alloy. Multi-baffled near each weld for maximum strength and air lock. Hand-welded to rigid standards. Neatest welds in the industry. Available in standard 22" or 23" diameter.

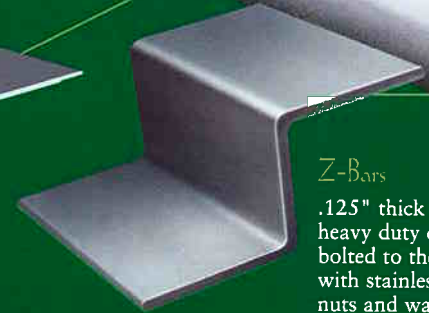

Heavy Duty Rub-Rail

All anodized for lasting beauty. Bolted for maximum strength. Features new "L" ridge at the bottom for superior strength.

Z-Bars

.125" thick all aluminum heavy duty crossbars are bolted to the pontoons with stainless steel bolts, nuts and washers. Outstanding support.

Color Choices for All Tahoes

- Starfire Mauve
- Brilliant Blue
- Sparkling Teal
- Hunter Green

Aluminum Seat Frames and Kick Panels

Clearly superior. Lifetime Warranty. Aluminum seat frames won't rot like wood. Won't crack or hold water like plastic. Extra large compartments provide the largest under seat storage.

Seat Fabric

The strongest and easiest to clean. Super-Life™ Vinyl has a 12 mil top layer with a 24oz. overall weight. Treated with UV inhibitor and Bioguard to resist fade and mildew. Three year limited warranty.

Bow Rails

All pleasure models now feature 1 1/4" heavy duty bow rails.

**20 Year
Pontoon Warranty!**

Wall Railings

The best in the business! 1.25" across and .090 thickness horizontal and vertical rails. Tahoe features more vertical support rails than any other. All rails are completely anodized for lasting beauty and corrosion prevention.

Multi Density Seat Cushions

The perfect comfort level is achieved by combining different densities of foam. Unlike other manufacturers, we produce our own furniture right at our plant.

Carpet

Heavy duty 16 oz. UV protected. Three year limited warranty. Unlike some others, the carpet is run the full length and width of the boat and attached on 100% of the surface.

Gates

Lift to open gate hinges and pockets provide extra security.

U-Bar

Exclusive double U-Bar construction. .250" thick U-Bars are strategically placed at the very front of the deck for impact resistance and at the motor pod to eliminate motor flex.

Radius Corners

For better impact protection.

Nose Cone

The absolute strongest in the industry. The one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection. The entire cone is tapered and inserted in the tube for even more strength.

Keel Protection

Special welded front keel protection keeps keel from damaging trailer bunks

Tahoe's New Center Tube System

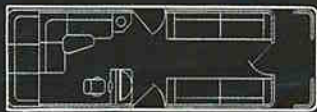

For speed and lift nothing beats the Tahoe's Center Tube System option! Only Tahoe's Center Tube System includes hydraulic power assisted steering and a heavy duty ski tow bar. Center Tube System also features an integrated welded motor pod in the Center Pontoon.

Center Tube System can be ordered as a factory installed option on any 1998 18' or larger Outboard Tahoe Pontoon Boat.

Center Tube System improves performance in large open water when heavy loads of people are on board. It's great for water skiing too.

GRAND TAHOE

"Fabulous!" The exciting Grand Tahoe continues to be the leader in top end pontoon boats. Nowhere else will you find such a beautiful pontoon boat with a longer list of standard features. Those that expect the best will settle only for a Grand Tahoe.

BASS CATCHER

YOUR FISHING PARTNER

Don't just get a fishing boat—get a BASS CATCHER. Hunting down elusive game fish requires a rugged boat that will get you to the fish. When you get there your BASS CATCHER will become your partner, maneuvering you to just the right spot, giving you room to work, and holding you steady while you reel in the quarry.

Choose your partner. If you just need to get into those shallow, grassy areas, choose a Utility Jon. For small lakes or rivers, choose the water cutting design of the Utility V-Hull boat. If you really want a true partner, go for one of BASS CATCHER'S full size fishing boats. And for those of you who take your fishing very seriously, partner up with a Pro Series version V-1700 or V-1600 SC.

- 1 Extra Fishing Chair

Shown in Pro Series

This is an exciting time! You're about to make a commitment to your love of the outdoors and your love of fishing. The Bass catcher V-1700 will keep that excitement going for years to come. First, you want quality and the V-1700 has it. The standard Aluminum floor will last & last, the double riveted construction is the best you can buy, the reverse chine and full "V" keel provides the smoothest, driest ride you will ever experience. Next you want a roomy but equipped interior. Fish from the front or rear casting platform in one of three standard fishing chairs. Easily work your fish up & down the large open interior. Then put your catch in the easy to access, 20-gallon side livewell or the 10-gallon rear livewell. Choose the Fun Series or go pro with the Pro Series equipment package.

V-1700 Fun Series Features

- Humminbird Fish/Depth Sounder Graph
- 765 MXT Bow Mount Trolling Motor with Battery
- (1) Extra Fishing Chair

Shown in Fun Series

Enjoy fishing in your new high quality Bass Catcher 1450 or 1600 fishing boat. These models are equipped with features not normally found on other boats in their class. Like a full "V" Keel for better handling, reverse chine splash deflectors for a drier ride, cleats, bilge pump and more! The comfortable seats are made using safety hinges and high density plastic seat frames. When considering the 1600 SC you can choose to go pro with the Pro Series package.
