PONTOON BOATS

Memories come standard.

Fun & Excitement

Tahoe pontoon boats are exciting, high quality, affordable pontoon boats built to create family memories for years. Choose from a great selection of models for cruising, fishing, skiing, and high speed running. You will get more than you expected from a Tahoe pontoon, and get a company that provides more quality and service than you are used to.

Tahoe Quality, Style and Affordability

Tahoe – America's Best Pontoon Warranty

Warranty Duration	Items Covered:
Lifetime Warranty*	PTP Flooring, Seat Frames, Transom, Pontoon Welds
5 Year Warranty*	Bimini Top, Mooring Cover, Carpet, Seat Vinyl
1 Year Warranty*	All other components manufactured by Tahoe

* All warranties are subject to the specific terms, conditions, and limitations set forth in the manufacturer's warranty agreement. See owners manual for details.

2008
Tahoe
Pontoons

A Integrated Nose Cone
The absolute strongest in the industry. The one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection. The entire cone is tapered and inserted in the tube for even more strength.

B Industry's Strongest Double Bolted Motor Pod
.190 thickness with integrated splash fins. 2" thick aluminum sheathed transom is fully welded. The entire pod is double bolted and supported by heavy-duty "C" channels.

C Quiet, Extra Thick Wall Skins
Heavy-duty wall skins feature the Silencer Strip™ on all edges for the quietest walls. Wall skins are strip-locked into the horizontal and vertical supports, then braced. The result is the most durable, quiet wall available!

E Heavy-Duty Anodized Extruded 4" Rub Rail with Dock Bumper
All anodized for lasting beauty. The bumper and heavy construction provide outstanding protection.

F Convenient Light in the Engine Compartment

G Heavy-Duty 10' Bimini Top
Featuring 1 1/4" framing, 5 year Top Gun fabric and transport brackets.

H Bimini Quick Release

I Finger Guards
For your safety.

J Full Riser
All pontoons are connected to the frame with full risers inside and outside. Full risers provide continuous strength along the pontoon.

K Reflective Striping
For your safety.

L Bow Eye
Reinforced stainless bow eye provides excellent strength for haul-out.

M One Piece Fiberglass Helmstand
Beautiful and durable.

N 4 Stainless Steel Pop-up Cleats

O Wall Spacers
Wall rails are raised to allow drainage while cleaning and ventilation while stored.

P Exclusive Side Keel Protection
Special welded keels protect against damage from impact.

Q Stainless Steel Corner Castings
Beautiful and durable. Helps prevent expensive damage.

R Plush Custom Sculptured 28 oz. Carpeting is Standard on All L Series models

S Custom Colors
Tahoe models are available in many different color choices. (See page 34 for color chart.)

T MATRIX 50 Tested Strongest

- Exclusive 50 gauge vinyl with a 24% substructure is stronger, less likely to tear and will not puncture like traditional expanded
- New Herringbone multi-directional stretch backing promotes quicker recovery
- Greater stitch strength

U GPS
New Garmin color in-dash combination GPS, fishfinder and GPS speedometer with map chip capability. Includes detailed mapping. (178C model on Grand Tahoe)

V Floor Matting Under Seat to Keep Gear Dry

W Aluminum Seat Frames and Kick Panels
Clearly superior. Lifetime warranty. Aluminum seat frames won't rot like wood. Won't crack or hold water like plastic. Extra large compartments provide the largest under seat storage.

X Secure Grip™ Wall Railing
The best in the business! Ribbed 1.25" across and .090" thickness horizontal and vertical rails. Tahoe features more vertical support rails than any other. All rails are completely anodized for lasting beauty and corrosion prevention.

Y The Best Crossbeam and Deck Construction
Tahoe "L" Series pontoon boats feature the latest in heavy-duty hull construction. 3" high, extreme thickness "C" channel crossbeams are bolted to the full riser with heavy-duty stainless bolts, nuts, and washers. Then 3/4", pressure injected, lifetime guaranteed flooring is bolted to the crossbeams using superior grade stainless steel bolts secured permanently with stainless nylock lock nuts and washers.

Tahoe Classic Series Standard Features

Tahoe Classic models feature all of the following as standard equipment.

- 8.5' wide body
- Garmin in dash color GPS with fishfinder, GPS speedometer and water temp
- Clarion waterproof CD stereo with 4 high power speakers
- MP3 input jack
- Hydraulic steering
- Deluxe helmstand featuring an automotive style, vinyl wrapped dash, wood grain panels, storage trays, gauge package, lighted toggle switches, and quick release windshield
- Polished aluminum wood grain tilt steering wheel
- Plush high back reclining admiral's chair with slide and swivel adjustment
- Wine rack with 4 glasses and carafe
- Plush embroidered furnishings made with Tahoe's **EXCLUSIVE EASY TO CLEAN, MILDEW RESISTANT, puncture resistant, 50 gauge thickness MATRIX 50 VINYL.**
- Stainless steel cup holders
- 28 oz. designer Hi Lo carpet
- Full color matched mooring cover
- Color matched 10' bimini top with heavy duty 1 1/4" framing, light, and quick release brackets.
- Built in halogen docking lights
- Boarding ladder
- Ergonomic table with locking table bases in fore and aft areas.
- 36 gallon fuel system

Construction

The construction begins with heavy duty 25" diameter first quality aluminum pontoons. All Classic pontoons feature our **EXCLUSIVE** side keel protection and integrated nose cone fins. Also **EXCLUSIVE** are our double full riser connections. These solid pieces of heavy duty

bolts, and locknuts. This crossbeam and deck construction is used only in the highest quality top end models. Many competitors build what they call "top end" models using light weight construction. Our pontoon and crossbeam construction, and decking provide the strongest frame in the industry. The entire setup is then framed with heavy duty .090 anodized rub rail with a heavy duty rubber bumper (black so it doesn't show scuffing) and then finished off with the heaviest **EXCLUSIVE** polished stainless steel corners on ALL 4 corners.

Inside, Tahoe models feature the industry's only **EXCLUSIVE** aluminum seat base frames. These lifetime guaranteed* compartments feature the largest storage capacity and the only flow through ventilation available. Even when the compartment is closed and the cover is on, items under the seat bases are receiving airflow to dry the area and to help prevent mold and mildew.

Safety

Tahoe Classic features the tallest, heaviest anodized wall railings to keep people more secure. Finger guards are provided at all gate openings. Trip hazards are eliminated by providing recessed pop up cleats, docklights built into the walls, and no rail across the front deck. Our nose cone fins are trimmed to reduce rough edges.

Yamaha and Tahoe – A First Class Experience.

Tahoe High Quality Pontoons and Yamaha High Quality Outboards are a winning combination of performance, durability and dependability. The turn key reliability of a Yamaha and Tahoe package will give you a boating experience beyond compare.

*See full warranty for details.

Grand Tahoe Classic

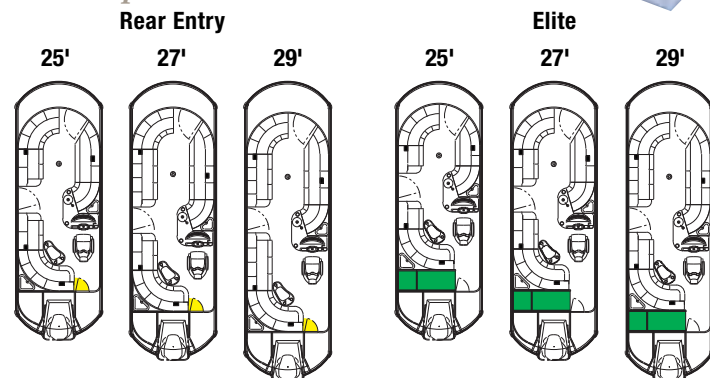

Grand Tahoe 29' Elite

Grand Tahoe 25' RE

Interior Options

Let's start at the top.

Grand Tahoe exhibits the quality of all fine items that are forged by craftsman to create luxury and strength. A craft of such quality bears the name Grand Tahoe. Constructed using the industry's strongest pontoon hull as its foundation, Grand Tahoe is the most exquisite pontoon boat available today. Grand Tahoe's unique design features sweeping radial fore and aft walls and a radial deck that encompasses a fabulous, luxuriously appointed interior featuring designer furnishings and an almost endless list of standard features. It's simply the finest pontoon ever created.

Proven Performance and Durability

Tahoe has tested our high performance systems on trips from Baltimore to Key West, across lake Michigan, and from Ft. Lauderdale to Bimini in the Bahamas so that you can be assured of one tough, high performance boat. So go ahead and turn your boat into the fast planing sport boat you want. It will be a blast to drive, a great all around family boat, and perfect for pulling skiers, tubes and wakeboards.*

*When powered with adequate horsepower.

2008
Tahoe
Pontoons

High Performance Options

WATERSKI/WAKEBOARD TOWER – PULL LIKE A PRO!

Enjoy all types of watersports with the optional tower. The elevated ski tow keeps the rope out of the water so you can pull the most demanding wakeboarder or skier.

HPP / CTS SET-UP

1. Add a center pontoon to add buoyancy and better weight handling to your pontoon.
2. Punch the throttle and unleash Tahoe's CTS/HPP advantage. CTS/HPP includes triple pontoons equipped with Avalon's exclusive Extreme High performance lifting fin design.
3. Add power assist steering to give your boat even better handling and turning capability.
4. 5x7 Package (see description below)
5. In floor ski locker*
6. 42 gallon fuel tank*
7. Aluminum undersheeting
8. Ski tow bar
9. Rough water package
10. Waterski/wakeboard tower

Tower Options

- a. High power speakers with microphone
- b. Spotlight
- c. Wakeboard racks

High performance options are available factory installed only!

*Only available on CTS

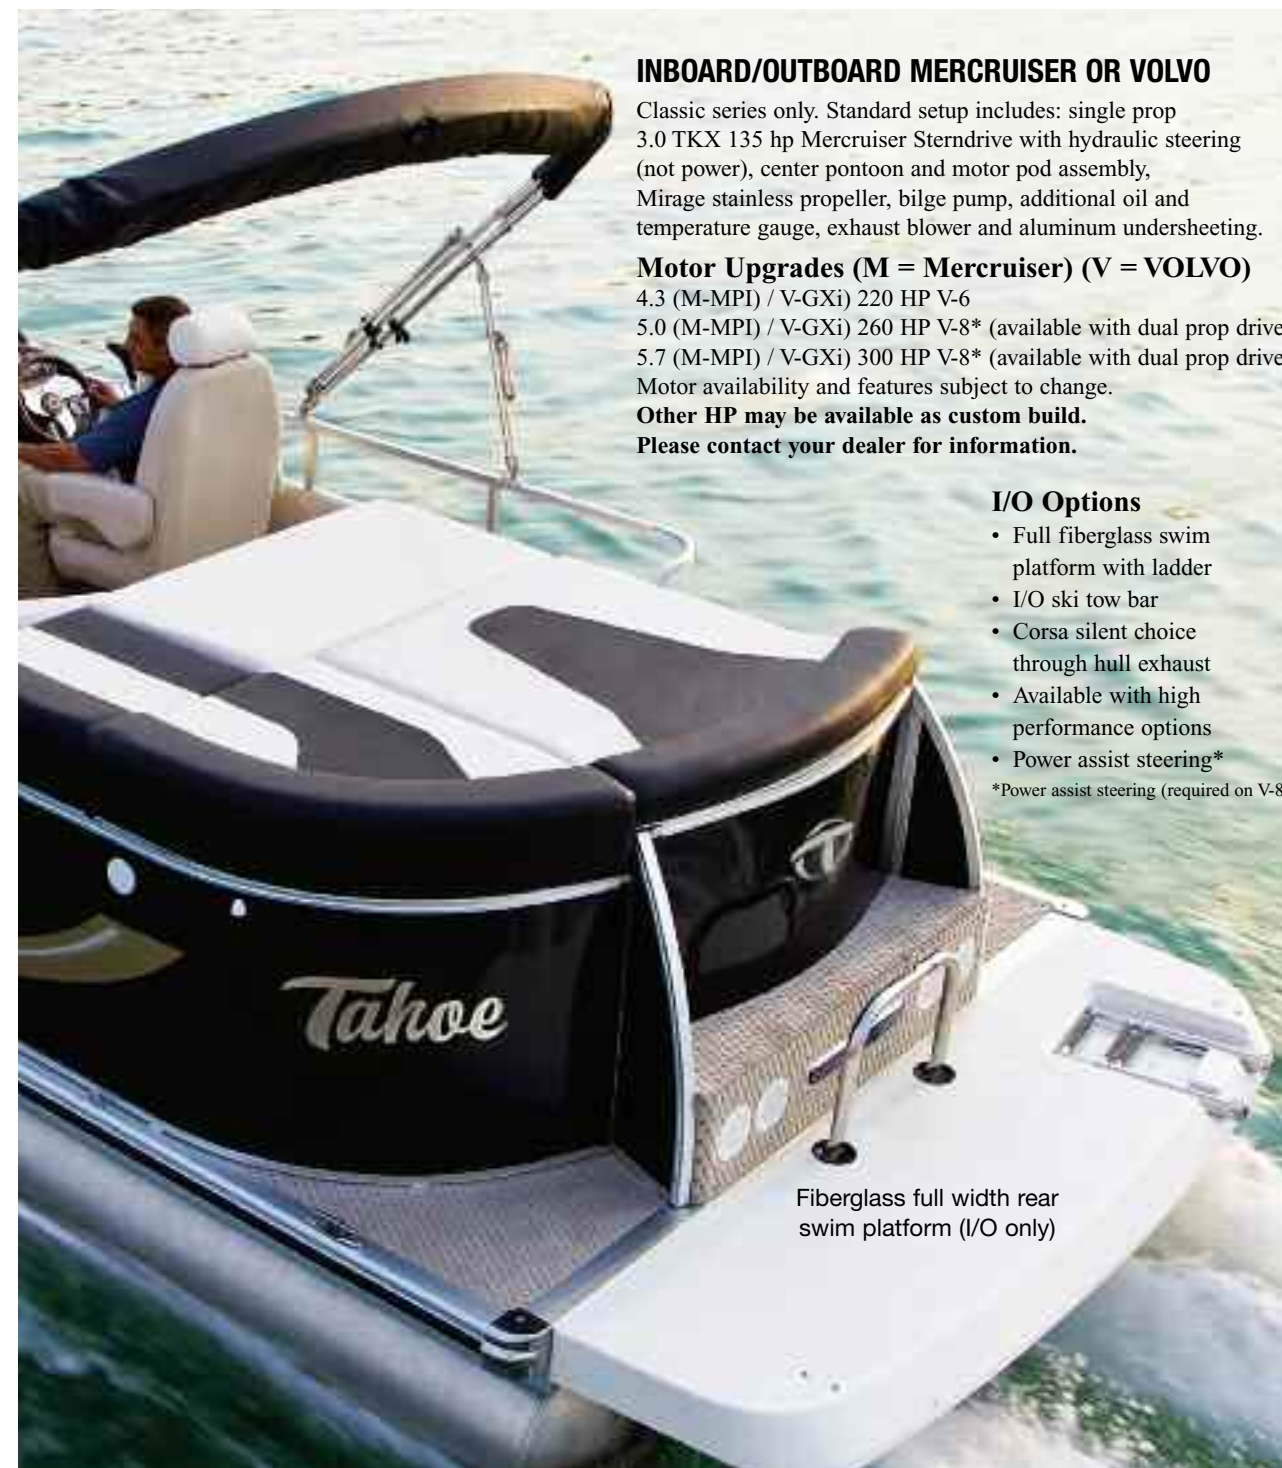

Take it to the next level by equipping your craft with the Tahoe 5x7 High Performance Package. For O/B models it includes two 25" diameter HPP pontoons and one 27" diameter HPP center pontoon, 42 gallon tank in center tube (exchange

for standard tank), aluminum underskin, an upgrade to Sea Star hydraulic steering, electric power assist steering and an O/B ski tow bar. Or choose any of the options individually for your own custom setup. I/O models are already

equipped with a center pontoon, the 42 gallon tank in the center pontoon, aluminum underskin, and Sea Star hydraulic steering, so just add the high performance fins, a 27" center pontoon and power steering to go 5x7!

Inboard/Outboard

INBOARD/OUTBOARD MERCURISER OR VOLVO

Classic series only. Standard setup includes: single prop 3.0 TKX 135 hp Mercruiser Sterndrive with hydraulic steering (not power), center pontoon and motor pod assembly, Mirage stainless propeller, bilge pump, additional oil and temperature gauge, exhaust blower and aluminum undersheeting.

Motor Upgrades (M = Mercruiser) (V = VOLVO)

- 4.3 (M-MPI) / V-GXi) 220 HP V-6
- 5.0 (M-MPI) / V-GXi) 260 HP V-8* (available with dual prop drive)
- 5.7 (M-MPI) / V-GXi) 300 HP V-8* (available with dual prop drive)

Motor availability and features subject to change. Other HP may be available as custom build. Please contact your dealer for information.

I/O Options

- Full fiberglass swim platform with ladder
- I/O ski tow bar
- Corsa silent choice through hull exhaust
- Available with high performance options
- Power assist steering*

*Power assist steering (required on V-8)

Fiberglass full width rear swim platform (I/O only)

Optional Corsa through hull exhaust (I/O only)

Optional power assist steering (Required for V-8)

Optional dual prop outdrive (Available on V-8 models only)

Tahoe
Pontoons

SE Series Construction

A Integrated Nose Cone
The absolute strongest in the industry. The one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection. The entire cone is tapered and inserted in the tube for even more strength.

B Quiet, Extra Thick Wall Skins
Heavy-duty wall skins feature the Silencer Strip™ on all edges for the quietest walls. Wall skins are strip-locked into the horizontal and vertical supports, then braced. The result is the most durable, quiet wall available!

C Superior Quality Pontoon Tube
.080" thickness H5052 aircraft aluminum alloy. Multi-baffled near each weld for maximum strength and air lock. Hand-welded to rigid standards. Neatest welds in the industry. Available in optional 25" diameter.

D Heavy-Duty Rub Rail
All anodized for lasting beauty. Bolted for maximum strength. Features new "L" ridge at the bottom for superior strength.

E Secure Grip™ Wall Railing
The best in the business! Ribbed 1.25" across and .090" thickness horizontal and vertical rails. Tahoe features more vertical support rails than any other. All rails are completely anodized for lasting beauty and corrosion prevention.

F Deluxe Bimini Top 5 Year Limited Warranty

G Finger Guards
For your safety.

H Full Risers (except Catalina, CC & Eagle)
Two continuous, heavy duty risers connect each pontoon to the boat for maximum strength.

I Reflective Striping
For your safety.

J Bow Eye
Reinforced stainless bow eye provides excellent strength for haul-out.

K One Piece Helmstand
Beautiful and durable.

L 4 Stainless Steel Cleats and Lifting Eye Assemblies

M Wall Spacers
Wall rails are raised to allow drainage while cleaning and ventilation while stored.

N Bottom Keel Protection
Special welded keels protect against damage from impact.

O 16" on Center "C" Channel Crossbeams (except Catalina, CC & Eagle)
Provide outstanding durability

P 20 oz. Diamond Textured carpet 5 Year Limited Warranty!

Q Custom Colors
Tahoe models are available in many different color choices. (See back page for color chart.)

R MATRIX 50
Tested Strongest
• Exclusive 50 gauge vinyl with a 24% substructure is stronger, less likely to tear and will not puncture like traditional expanded
• New Herringbone multi-directional stretch backing promotes quicker recovery
• Greater stitch strength

S Aluminum Seat Frames and Kick Panels
Clearly superior. Lifetime warranty. Aluminum seat frames won't rot like wood. Won't crack or hold water like plastic. Extra large compartments provide the largest under seat storage.

T U-Bar
Exclusive Heavy Duty U-Bar is strategically placed at the very front of the deck for impact resistance.

U Lifetime 3/4" Flooring
The thickest and heaviest flooring used in the industry. This state-of-the-art, injection treated, marine flooring features a lifetime limited warranty.

V Motor Pod
.125" thickness with double splash fins. 2" thick aluminum sheathed transom is fully welded. The entire pod is double bolted and supported by five heavy-duty crossbeams.

Herringbone / Multi-directional stretch substructure backing
Adhesive Layer
50 Gauge Vinyl

Tahoe SE Series Standard Features

- Plush embroidered furnishings made with Tahoe's **EXCLUSIVE** easy to clean, puncture resistant, 50 gauge thickness **MATRIX 50 VINYL**.
- **EXCLUSIVE** aluminum seat base frames with extra large storage capacity and flow through ventilation. These lifetime guaranteed* compartments feature the largest storage capacity and the only flow through ventilation available. Even when the compartment is closed and the cover is on, items under the seat bases are receiving airflow to dry the area and to help prevent mold and mildew
- 20 oz. designer carpet - 5 year warranty*
- Color matched 8' bimini top with quick release pull pins. 5 year warranty*

- Boarding ladder (except Sport)
- Polished oval table
- Full Length deck for safety. Our decks cover the tips of the pontoons. Injury can occur if someone were to fall on the sharp nosecones featured on other brands. Full decks also help reduce expensive damage to your pontoons in the event of front impact.
- Heavy duty first quality aluminum pontoons. All "C" series pontoons feature bottom keel protection and integrated nose cone fins.
- **EXCLUSIVE** double full riser connections.** These solid pieces of heavy duty extruded aluminum run the full length of the pontoon on the inside and outside providing the strongest connection from pontoon to deck.

- 3/4" lifetime* marine flooring
- Heavy duty C-channel crossbeams
- Tighter 16" OC spacing**.
- Heavy duty 3" reinforced anodized rub rail finished off with aluminum corner castings that protect the rub rail.
- **EXCLUSIVE** motor pod is engineered for today's heavy 4 stroke motors. It is stronger, thicker and double connected to 7 crossbeams with stainless steel 3/8" bolts. Check that against any brand!
- Trip hazards are reduced by providing docklights built into the walls, and no rail across the front deck. Our nose cone fins are trimmed to reduce sharp edges.

Yamaha and Tahoe – A First Class Experience.

Tahoe High Quality Pontoons and Yamaha High Quality Outboards are a winning combination of performance, durability and dependability. The turn key reliability of a Yamaha and Tahoe package will give you a boating experience beyond compare.

*See full warranty for details.

Fishing in Comfort.

The SE-B is the fishing evolution of the popular Blue Ridge model. Choose from five fully loaded fishing models featuring livewells, comfortable fishing chairs, and a Garmin fishfinder graph. Most models include a built in tackle box, rod holders and a rod storage box too. With all of the different fishing layouts available in the SE-B, it should be easy to find the fishing set-up that's just right for your family.

Cascade

Cascade 16' RE

Cascade 20' RE

Cascade 18' FRB

A full-sized cruiser with a compact price.

Even though Cascade is Tahoe's most affordable full size model, it sure doesn't look like it. A great way to start boating with high quality and less investment, the Cascade won't disappoint. Cascade is built with quality that goes into every Tahoe. Solid structure, plush Matrix 50 seating, CD stereo and gauges provides the right amount of features for years of fun on the water.

The **CERTIFIED** Advantage

Dimensions, capacities, ratings and additional specifications plus complete warranty and service information are available from your Tahoe dealer. Product illustrations and data within this catalog are based upon information available at the time of publication. Tahoe reserves the right to make changes without notice or obligation.

Ask your local Tahoe dealer for the most current product specifications prior to purchase. Some of the equipment shown separately or on products illustrated in this catalog may be optional at extra cost. All Tahoe boats meet or exceed the standards established by the ABYC and USCG flotation, fuel systems, ventilation, electrical and safety.
