LUXURY PONTOON BOATS

Luxury and Strength.

Our total commitment to making the finest pontoon boats in the world has brought you the exciting Avalon Pontoons. These luxurious boats are a beautiful composition of the finest elements known to pontoon boating, along with over 30 years of pontoon boat manufacturing experience. The finest construction,

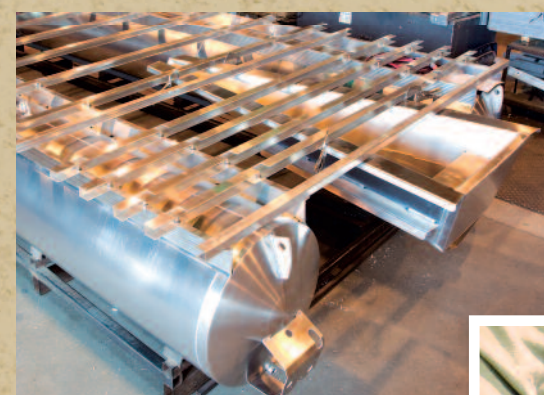

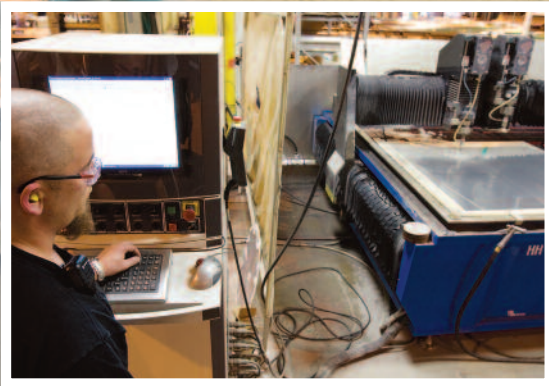

the most luxurious designs and the largest group of unique standard features create a distinctly different and clearly superior pontoon boat that will exceed your expectations.

Avalon is a vertically integrated builder. We manufacture the pontoons, framing, furniture, covers and more right in our own production facility using the latest computer driven equipment such as our Water Jet cutter, Gerber fabric cutter, Tiger saws, and the latest in welding

technology. As a result we are able to achieve and control the highest degree of quality.

Our number one investment, however, is our people. Avalon's team of highly experienced welders, furniture makers and assemblers descend from generations of Midwestern craftsmen that have been instrumental in the building of America. Our headquarters based customer service people will make sure your experience is exceptional.

Avalon is rated as having one of the lowest incidents of warranty claims in the industry and has also won the 2008 and 2009 NMMA CSI Award for outstanding customer service.

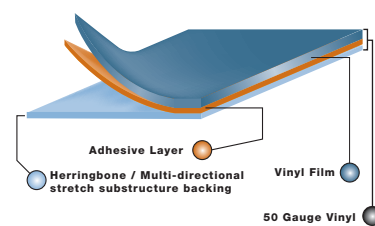

SUPERIOR CONSTRUCTION

Our commitment to customer satisfaction and our superior construction gives us the confidence to place a 5 year bow to stern limited warranty on your boat! PLUS a lifetime limited warranty on the pontoon structure, seat frames and PTP decking! See your dealer for details!

Avalon Pontoons offers these exclusive heavy duty construction features

- Avalon's exclusive MATRIX 50 heavy duty 50 gauge marine seat covering with a 24% substructure is tested strongest against tears, punctures, and stains.
- New Herringbone multi-directional stretch backing promotes quicker recovery.
- Greater stitch strength.

Exclusive! Aluminum seat frames and kick panels
Clearly superior. Lifetime warranty. Aluminum seat frames are stronger, have extra large compartments for

maximum storage capacity and have "Flo thru™" ventilation from the outside. "Flo thru™" allows your equipment to dry out, even while the cover is on and keeps the entire compartment drier so mildew or fungus is less likely to develop. Aluminum frames won't crack or hold water like plastic, either!

Heavy duty nose cone with our industry-first integrated nose cone splash fins!
The absolute strongest in the industry.

The .100" thickness and one-piece construction makes it virtually impossible to break off a splash fin. The double wrapped leading edge provides maximum impact protection.

Stronger! Double full pontoon connectors
Most models feature full riser pontoon connections inside and outside. Unlike our competitor's "small but skirted" riser connectors. Full risers provide continuous strength along the entire pontoon.

Exclusive! L Series side keel protection

Special welded keels protect against damage from side impact. They also provide better performance as they limit the flow of water around the pontoon.

Interior drain

Avalon now exclusively has a drain in the corner of the rear bench where water that would collect from rain during storage is expelled through a drain channel and off the boat. This

significantly reduces the potential for stains that develop in the corners over time.

Double vented gas fill

Only Avalon has solved the issue of fuel fill splash back and slowness. Avalon's exclusive double fuel vent allows pressure to escape so you can fill quickly with almost no splash back.

Reflective safety striping

Avalon adds an additional level of night safety with striping that can be seen from a distance when exposed to light.

Industry's strongest double bolted motor pod assembly

.190" thickness with integrated splash fins. 2" thick aluminum sheathed transom is fully welded. The entire pod is double bolted with at least 16 3/8" bolts and supported by more heavy-duty "C" channels crossbeams than any other pontoon boat.

Superior quality pontoon tube

.090" thickness H5052 marine aluminum alloy. Multi-baffled near each weld for

maximum strength and air lock. Hand-welded to rigid standards.

The best crossbeam and deck construction

Avalon "L" Series pontoon boats feature the latest in heavy-duty hull construction. 3" high, extreme thickness "C" channel crossbeams are bolted to the full riser with heavy-duty stainless bolts, nuts, and washers. Then 3/4", pressure injected, lifetime guaranteed flooring is bolted to the crossbeams using superior grade

stainless steel bolts secured permanently with stainless nylock lock nuts and washers.

Strongest bow eye

Our standard equipment stainless bow eye is connected across three crossbeams with a 1/4" aluminum reinforcement strap. Excellent strength for haul-out.

Wall joints

Wall joints welded on all four sides for extra strength.

STANDARD FEATURES

Admiral Fiberglass Entertainment Helm Including:

- Faux Corian countertop with integrated sink, sink cover, electric faucet, and two gallon water reservoir
- Electric hidden entertainment bar with wine racks, wine glasses, stainless cup holders that raises and lowers at the touch of a button

L SERIES

A legend in top of the line, luxury pontoon boats.

Avalon's Paradise is praised for its magnificent blend of form and function. The industry's strongest pontoon hull is the foundation for the modern radius styling and plush furnishings made with Avalon's exclusive MATRIX 50 seat coverings. Avalon's custom designed "Comfort-Plush™" reclining Admiral's chair, a Garmin color GPS and a classy wine rack are just a few of the other amenities.

INTERIOR OPTIONS

PARADISE RC L SERIES

It just keeps getting better.

Paradise RC is the whole package – excitement, luxury, fishing and comfort. The RC is equipped with plush Paradise furnishings and amenities mounted on the heavy duty classic series frame. Added are the beautiful, Avalon exclusive, Comfort-Plush™ bow recliners. These reclining, swiveling chairs allow you to enjoy romantic relaxation, or use the nearby stainless steel rod holders and livewell to add comfortable fishing to your relaxation.

Some models shown with optional equipment.

PARADISE RCRF L SERIES

It's easy to be all things to all people.

Go one step beyond the luxurious Paradise RC model with this cruising, lounging and now fishing model. Who's on board? Fishermen? They will enjoy two fully equipped rear fishing stations with rod holders, livewell, and built in tackle trays. Loungers? They will revel in the plush recliner chairs at the bow. How about sunbathers? Let them just relax on the two lounge arm equipped bow benches. Everyone else will enjoy the plush interior and smooth ride.

Some models shown with optional equipment.

Waveglider™ High Performance System Proven Performance and Durability!

Avalon has tested our High Performance System on trips from Baltimore to Key West, across Lake Michigan and across the ocean from Ft. Lauderdale to Bimini in the Bahamas, and Key West to the Dry Tortugas. So you can be assured of one tough, high performance boat. So go ahead and turn your boat into the fast planing sport boat you want. It will be a blast to drive, a great all around family boat and perfect for pulling skiers, tubes, and wakeboards.*

- Waveglider™ High Performance System – 23" or 25" dia. triple pontoons, high performance lifting strakes, Sea Star hydraulic steering, and 42 gallon fuel tank for center pontoon

WAVEGLIDER™ HIGH PERFORMANCE PACKAGES

Waveglider™ with aluminum waveshield

Waveglider™ Watersports package

- Waveglider™ Watersports package includes Waveglider™ High Performance System – plus: ski tow bar and aluminum waveshield

Some models shown with optional equipment.

Waveglider™ 5X7 Turning Package

- Take it to the next level by equipping your craft with the Avalon Waveglider™ 5X7 High Performance Turning Package. For O/B models it includes the Waveglider™ Watersports package with 25" outside pontoons PLUS an upgrade to a 27" diameter Waveglider™ center pontoon, and electric power assist steering for sharper turns!

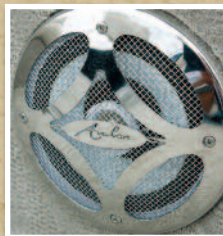

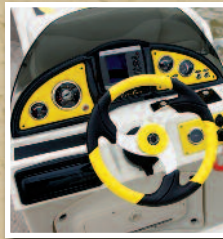

Just add a 27" center pontoon on an I/O to go 5X7!

* Note – 5X7 Package is not available on Funship models or any model with a walk on sunroof.

Optional Sport Graphics Package!

- **Yellow Fire** – Fire Graphics, yellow interior with black accent, yellow dash, steering wheel, and yellow accent sport barrel chair with bolster
- **Red Fire** – Fire Graphics, red interior with black accent, red dash, steering wheel, and red accent sport barrel chair with bolster
- **Black Fire** – For black wall skin boats – Fire Graphics, black interior with tan accent, Carbon fiber dash, steering wheel, and black accent sport barrel chair with bolster.

* Also includes stainless steel speaker covers on "C" Series models

Some models shown with optional equipment.

I/O Mercruiser – L Series only includes: standard 350 MAG MPI 300 HP Sterndrive with Bravo III outdrive, twin stainless steel propellers, Corsa Captain's choice exhaust, Waveglider™ High Performance System 25" dia. triple pontoons, high performance lifting strakes, Sea Star hydraulic steering, and 42 gallon fuel tank for center pontoon, power assist steering, ski tow bar I/O, bilge pump, additional oil and temp gauge, exhaust blower, and aluminum waveshield.

Inboard/Outboard Features

Bravo 3 dual prop outdrive

Corsa through hull exhaust

Power assist steering

Aluminum waveshield

Optional Inboard/Outboard fiberglass full width rear swim platform

I/O OPTIONS L SERIES ONLY

Some models shown with optional equipment.

WATERSPORTS & PERFORMANCE OPTIONS

Performance Options

- **Rough Water Package** (factory installed only for Waveglider™ and 5 X 7) – suggested when boat is going to be consistently exposed to very rough water. Adds extra welding and extreme duty riser components
- **Aluminum waveshield** (factory installed only) – prevents water from hitting crossbeams and under side of deck while underway

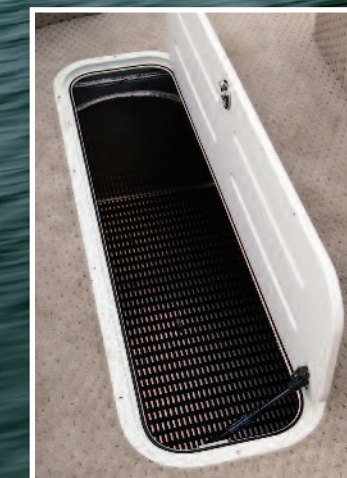

Watersports Options

- **Ski tow bar** – allows convenient towing for skiers and tubes
- **Waterski/wakeboard tower** – 8.5' wide only (Includes SS Bimini top) provides preferred elevation of the ski pylon for wakeboarders and advanced skiers.*

Tower Options

- High power speakers with microphone
- Spotlight
- Tower racks (four pieces – two sides)

- **In floor storage compartment** – factory installed only in center pontoon models

- **Power assist steering** – Add power assist steering to give your boat even better handling and turning capability – requires upgrade to Sea Star Hydraulic steering

*Please follow all safety rules when towing watersports equipment. Do not overload ski tow bar or Waterski/wakeboard tower.

High performance options are available factory installed only!

CSERIES

More people that fish choose Avalon CT!

Only Avalon gives you your choice of five fully loaded fishing models featuring livewells, comfortable fishing chairs, and a Garmin fishfinder graph. Most models include a built in tackle box, rod holders and a rod storage box too. With all of the different fishing layouts available in the CT, it should be easy to find the fishing set-up that's just right for your family.

CATALINA C SERIES

Even though Catalina is Avalon's most affordable full size model, it sure doesn't look like it. A great way to start boating with high quality and less investment, the Catalina won't disappoint. Catalina is built with the same quality that goes into every Avalon. Solid structure, plush MATRIX 50 seating, CD stereo and gauges provide the right amount of features for years of fun on the water.

NMMA[®]
CERTIFIED ✓
 using **ABYC**[®] standards

THE CERTIFIED ADVANTAGE

The NMMA Certified label on a Avalon Pontoon boat lets you know it was built to meet and often exceed, the industry's strictest quality and safety standards for critical components such as electrical systems, powering, flotation, fuel systems, and navigation lights. Certified boats must also pass rigorous annual inspections from independent third-party inspectors. According to U.S. Coast Guard statistics NMMA Certified boats have been shown to be safer than non-certified boats.

Dimensions, capacities, ratings and additional specifications plus complete warranty and service information are available from your Avalon dealer. Product illustrations and data within this catalog are based upon information available at the time of publication. Avalon reserves the right to make changes without notice or obligation. Ask your local Avalon dealer for the most current product specifications prior to purchase. Some of the equipment shown separately or on products illustrated in this catalog may be optional at extra cost. All Avalon boats meet or exceed the standards established by the ABYC and USCG flotation, fuel systems, ventilation, electrical, and safety.
