ADVENTURE

Avalon is the only builder who truly puts their products to the ultimate test! The Atlantic Ocean, The Pacific Ocean, The Gulf of Mexico, The Caribbean Sea, Lake Superior, Lake Michigan, The Mississippi!!! Need we say more?

KEY WEST TO THE DRY TORTUGAS

RETRACING THE FINAL VOYAGE OF THE EDMUND FITZGERALD ON LAKE SUPERIOR

450 Miles. 24 Hours. 1 Avalon.

Avalon

The average person doesn't think of pontoon boats as a safe going craft, but that's not Avalon's intention. We built your average ride. To prove that the boat is safe, we built a pontoon boat that's a public relations stunt, other people's idea. And if you want to look at the proof, we built it tough & beautiful. And we didn't let a vacation slip.

FT LAUDERDALE TO BIMINI BAHAMAS

CHICAGO TO MACKINAW ISLAND

LOS ANGELES TO CATALINA ISLAND TO SAN DIEGO

TAMPA TO CUBA!

BALTIMORE TO KEY WEST

Enjoy the details of all of these great adventures at www.avalonpontoons.com

EXCLUSIVE HIGH-QUALITY FEATURES

You won't have to deal with mildew or fungus with Avalon's exclusive Flo Thru Ventilation™ Seating. Unlike plastic seating, our exclusive aluminum seat frames have external and internal air flow that dries out the seat compartments while moving and even when the boat is stored!

Our exclusive aluminum seat frames have 30 percent more storage than conventional plastic seat frames. Try putting all this in plastic seat storage!

Plug N Play electrical connections

Exclusive side protector keel – protects pontoon from side impact at docks, provides a spray diversion and makes pontoon structure stronger.

One-piece nose cone has heavy-duty double-wrapped, double-thickness .200 leading edge.

Integrated nose cone splash fins cannot be broken off! Fins have welded edge guard.

Heavy-duty, stylishly designed, seat frame cladding eliminates fabric covering and provides a vented, beautiful accent to Avalon's Deco designs.

D Rail anodized Bimini frame

Avalon's unique suspension seat cushions provide soft comfortable cushions that don't bottom out on a hard support surface.

CONSTRUCTION

Avalon's exclusive Matrix 50 heavy-duty 50 oz. marine seat covering with a 24 percent substructure is tested strongest against tears and punctures.

- New Herringbone multi-directional stretch backing promotes quicker recovery
- Greater stitch strength
- Permaguard stain protection

Heavy-duty deck corner protection

Heavy-duty rub rail with rubber bumper

Solid frame includes double solid full risers and double bolted motor pod all connected with double bolted hat channel crossbeams plus bow and stern .250 U bars.

THE CERTIFIED ADVANTAGE

using **ABYC** standards

The NMMA-Certified label on an Avalon

pontoon boat lets you know it was built to meet, and often exceed, the industry's strictest quality and safety standards for critical components such as electrical systems, powering, flotation, fuel systems and navigation lights. Certified boats must also pass rigorous annual inspections from independent third-party inspectors. According to U.S. Coast Guard statistics, NMMA-Certified boats have been shown to be safer than non-certified boats.

A proud supporter of the
Travis Mills Foundation
foundation@travismills.org
"Never give up. Never quit."

www.facebook.com/AvalonPontoons

Avalon's exclusive MATRIX 50 heavy-duty 50-gauge marine seat coverings with a 24% substructure are tested strongest against tears, punctures and stains.
